

INFORMED CONSENT – FOR AGES 65+

I hereby attest that I have been informed of the following pertaining to the coronavirus:

- People who are 65 years and older and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19 and are recommended to stay at home. A list of medical conditions associated with a higher risk for severe illness from COVID-19 can be found in the [CDC's guidance](#).¹
- Staff and children living in households with individuals who are 65 years and older or have higher risk for severe illness from COVID-19 are recommended to stay home.

Signature

Printed Name

Child's Name

Date

(This form may be used for staff and parents of children enrolled at a youth camp during COVID-19 declared emergency)

¹ Includes chronic lung disease or moderate to severe asthma, serious heart conditions, immunocompromised (cancer treatment, smoking, bone marrow or organ transplantation, Immune deficiencies, poorly controlled HIV or AIDS, and prolonged use of corticosteroids and other immune weakening medications), severe obesity (body mass index BMI of 40 or higher), diabetes, chronic kidney disease undergoing dialysis and liver disease. Individuals should consult their healthcare provider to determine whether they have medical conditions that place them at increased risk for severe illness from COVID-19.
